TULIP Hotels & Residences welcomes a new address in the heart of Lviv

Developed by Galytska Budivelna Guildiya (GBG), the project, initiated in 2019, is designed to meet the growing demand for mid-term stays. In 2021, GBG signed a franchise agreement with Louvre Hotels Group, the second-largest hospitality group in France and Europe, joining forces to expand the country's hospitality offering and create memorable guest experiences.

Ideally located at 24a Panasa Myrnoho Street, within the Kristal Plaza business complex, TULIP Residences Lviv marks a significant milestone as the first internationally branded apartment hotel in the region.

TULIP Residences Lviv offers a comprehensive range of amenities designed to combine comfort, functionality and flexibility, perfectly suited to the needs of today's travelers. The aparthotel features 73 spacious rooms equipped with mini-kitchens and ergonomic layouts, a 24/7 TULIP Café Corner, a fully equipped business zone with meeting rooms and event spaces, as well as a fitness center, underground parking and a rooftop terrace. Guests can enjoy breakfast at Skver Café located on the ground floor and take advantage of the newly created public park adjacent to the property, which adds to the appeal of the complex's recreational offering. Set in one of Lviv's most vibrant neighborhoods, the hotel is within proximity to the IT Park, LvivTech.City, and the Ukrainian Catholic University, making it the perfect base for both business and leisure stays.
