

Campanile Toulouse Blagnac Airport unveils the new look of its common areas

After more than two months of renovation work, the Campanile Toulouse - Blagnac Airport hotel has completed the revamp of its common areas and is now welcoming travelers in a modern and welcoming setting. Reception, meeting rooms, restaurant... Every space has been redesigned to make each stay a moment of connection and conviviality. This project is fully aligned with the transformation strategy of the Campanile network, led by Louvre Hotels Group as part of its 5-year strategic plan, with the ambition of creating memorable experiences for its guests.

This renovation, carried out by the Toulouse-based company ABL Elec & Habitat, included the modernization of the hotel's kitchen and restaurant, now featuring a cozy atmosphere with warm, natural tones. The hotel's Concorde meeting room and reception area were also completely redesigned, and the façade will soon be refreshed, offering guests a sense of renewal from the moment they arrive.

Open Monday to Friday, the restaurant showcases fresh, seasonal products through a traditional menu enhanced by the authentic flavors of the South-West. Deeply rooted in the local terroir, Campanile Toulouse Blagnac - Aéroport works closely with regional producers such as Bousquet Viandes, as well as local brewers and soft drink makers. Homemade starters and dessert buffets complete this offering, crafted to create unforgettable moments around the table.

For a restful night's stay, the hotel offers 62 rooms, including 3 accessible to guests with reduced mobility, designed for optimal comfort. Guests can choose from three room types to suit their needs: 40 double rooms, 20 twin rooms, and 2 family rooms.

A team of 12 passionate staff members embodies the spirit of hospitality every day, welcoming guests with warmth, simplicity, and generosity. Each team member takes pride in delivering thoughtful, personalized service, creating an atmosphere where every guest feels truly at home.

Located just 700 meters from Toulouse-Blagnac Airport and 10 minutes from the MEETT exhibition center, this three-star hotel enjoys a strategic location at the heart of the Toulouse region. Its proximity to major roads, Matabiau train station, and the city center makes it an ideal destination for both business and leisure travelers.

"This renovation is fully in line with the transformation of the Campanile network in France and allows the hotel to reaffirm its place in the Toulouse hospitality landscape. With modern, comfortable spaces designed for our guests' well-being, the hotel truly reflects the values of the Campanile brand: authenticity, togetherness, and conviviality"
